74-1

Cooperative Arrangements with State Health and State Vocational
Rehabilitation Agencies and with Title V Grantees.

- I Cooperative agreement with the Division of Maternal Child Health, Crippled Children and Children and Youth programs is in operation. It establishes effective working relationship, mutual and respective responsibilities to assure the best utilization of manpower and resources available for medicaid eligible children.
- II Cooperative agreement between Department of Health and Department of Social Welfare to provide Vocational Rehabilitation Services to the Medical Assistance Program. The establish agreement provides for assurance that Medical Assistance Program recipients having Vocational Rehabilitation potential will be identified and promptly referred to the Division. Title XIX will assume responsibility for payment of medical care and services provided within approved agency policies and procedures.
- III Cooperative agreement with Bureau of Dental Health, Divisions of Public Health, providing Dental Care and services, including Dentures, to Medical Assistance Program recipients is almost completed.
